

TECHNOLOGY STUDENT ASSOCIATION WORK LOG

Date	Task	Time involved	Team member responsible (student initials)	Comments
1. March 1, 2025	Designed in Figma and created logos/themes.	3 hours	R.R., K.A., J.D	Settled on the name “Agriden”. We are going to use TailwindCSS and DaisyUI.
2. March 2, 2025	Created a prototype of first page	1 hour	E.W., R.R.	We decided we like this style.
3. March 4, 2025	Decided on the final front page.	4 hours	K.A., J.D.	
4. March 6, 2025	Created a backend	2 hours	K.A., R.R.	Very minimal, just had to set up Flask and port forwarding
5. March 8, 2025	Set up a login menu	4 hours	E. W.	Lots of debugging, at least it looks good.
6. March 10, 2025	Login menu works + backend done	3 hours	K.A., E. W.	Backend was very simple, just had to set up CORS

7.	March 15, 2025	Created the about page & ingredients	6 hours	J.D., R.R.	Mostly was a lot of writing and research.
8.	March 18, 2025	Made the reservation system	3 hours	J.D., K.A.	Once again, there was a lot of debugging.
9.	March 20, 2025	Menu created	2 hours	R.R., K.A.	Research
10.	March 22, 2025	Imported menu into website.	30 minutes	J.D.	Very easy, just convert it to JSON.
10.	March 30, 2025	Added cool effect to front page	2 hours	R.R., E.W.	Was very complex, but it looks really cool and adds a lot to the website.
11.	March 31, 2025	Reference page added	1 hour	R.R	Home stretch!
